

aramco TRAVELING SCIENCE

The Michigan Science Center is splashing into summer! We're celebrating our beautiful, blue planet as we travel from the sea to the stars, learning along the way what makes our oceans so special and the importance of preserving them. Look for us on the road starting in June 2022 with our newest kit of programs called "Oceans of Possibility" presented by Aramco Traveling Science.

SCIENCEPALOOZA

SCIENCE FESTIVAL / FAMILY SCIENCE NIGHT
STARTING AT \$550
UP TO 3 OR 7 HOURS / UP TO 500 PEOPLE

This kit of 10 hands-on stations will introduce students to cutting edge science concepts and technology being used in conservation efforts around the planet to preserve a brighter future for all humankind. Each activity station relates to real-world STEM career professionals. *This program requires the use of 10-12 volunteers.*

OCEANS ALIVE

HANDS-ON WORKSHOP
STARTING AT \$300 (2 WORKSHOPS)
45 MINUTES / UP TO 30 STUDENTS

Dive head first into the watery depths as we explore the layers that make up our oceans! Students will discover the difference between ocean layers and what adaptations allow aquatic animals to call them home.

WORLDS OF WATER

PORTABLE PLANETARIUM SHOW
STARTING AT \$300 (2 SHOWS)
30 MINUTES / UP TO 30 PEOPLE

Are we alone in the universe? To answer that question, we explore the thing responsible for life: water! Start this intergalactic journey at Earth's oceans before traversing the solar cosmos in search of water. We'll even travel to exoplanets and discuss their potential to support life. *This program requires a large, indoor space and access to electricity.*
