FOR THOSE
WHO LIGHT UP
THE MICHIGAN
SCIENCE CENTER

2023 Sponsorship Opportunities

Join our supporters, partners, and friends for an evening celebration of STEM. Each year, the Michigan Science Center introduces over 200,000 curious minds to Science, Technology, Engineering, and Math. We use relevancy, accessibility, and creativity to put YOU, the learner, at the center of science. Thousands of children visit our facility on field trips, and we reach many more through our ever popular *Traveling Science* outreach program that serves the entire state of Michigan. We spark creative problem-solving and imaginative play for people of all ages through our engaging programs, immersive theaters, and over 220 hands-on exhibits.

We hope you'll join us as an ILLUMINATE sponsor this year. Your support helps ensure that the next generation of curious minds have increased opportunities to discover, explore, and appreciate STEM in our creative and dynamic learning environments.

Thank YOU.
